EXCITING SESSION

Of the Republicans' Mock Legislature Last Evening.

CHAIR'S DECISIONS QUESTIONED

And the Sergeant-at-Arms Nearly Required—As it Was an Assistant to General Beach Was Selected; Also an Assistant Clerk—Rules Were Adopted—After Filling Battering Discussion on the Tariff Was Postponed.

The first regular session of the mock legislature at the rooms of the Ohio county Republican Club last evening was more of a success in every way than was before imagined. The attendance of delegates was first class, and the large lobby in attendance, including a number of ladies, shows that the novel scheme for a winter's entertainment is "catching on in great shape." Speaker A. R. Campbell (Dem.) called the body to order at 8 o'clock, and on account of the absence of a few members, members were selected to take the place of absentees for last evening's session.

After the roll was called the first business was the discussion on the rules which were presented in the report of the committee on rules.

Previous to this there were some funny scenes during the selection of gentlemen to fill vacancies. Prof. Jones was claimed by both sides, and wonderful to relate, the Democratic speaker, Mr. Campbell, decided in favor of the Republicans. Perhaps some of his old-time Republicanism still clings to him. The speaker then said that "the house is now full and ready for business." This easily aroused a general laugh, mingled with exclamation and recriminations.

THE RULES PRESENTED.

Mr. Atkinson presented the rules agreed upon by the committee. The rules were taken by sections and adopted. Mr. Hall tried to force an amendment through, imposing fines for absence, but "the gentleman from Calhoun" couldn't make the others look at it with his glasses and no fines will be imposed.

After the rules had been adopted, Captain Dovenor wanted to know whether the Democrats couldn't find a chaplain to open the meetings with prayer. He was informed that it isn't usual for Democratic legislatures to open their sessions with prayer.

Mr. Hart, of Logan county, offered a resolution to the effect that the secretary appoint a reading clerk. The gentleman from Slabtown, Big Log district, Logan county, gave a number of reasons for the passage of the resolutions. The Republican leader, Mr. Cowden, made a stirring appeal, a la Holman, for the defeat of the resolution. Mr. Hart replied with some warmth and force. An amendment to the resolution was presented by Mr. Muegge, to the effect that the secretary's salary be doubled, and that he pay his assistant. As the secretary gets nothing, his assistant is likely to receive a large-sized salary.

The Democratic leader, Mr. Atkinson, of Wetzel, answered the objections of Mr. Cowden, as to the election of an assistant to the secretary.

Prof. Jones spoke on the subject, and made some good points from a Republican standpoint. Mr. Atkinson made a point of order to the effect that no personalities shall be indulged in. The chair sustained the point of order, but the decision was appealed from. The decision was sustained, 23 to 22.

REPUBLICAN SELECTED.

Captain Dovenor moved that a Republican be selected as assistant secretary. After considerable discussion, in which the decision of the chair was again sustained, the Dovenor motion was adopted, the speaker seeming to lose sight of the fact that he was supposed to be a Democrat.

Mr. Charles Brillis was selected by the clerk as his assistant.

Another resolution to the effect that an assistant sergeant-at-arms be selected was put up for adoption. The resolution prevailed, and it was decided that the sergeant-at-arms be elected by the legislature at once. Mr. Atkinson nominated that sterling Democrat, Col. William H. Travis, for the position.

Mr. Cowden gave notice that at the next meeting he would call up the resolution as to whether or not the Wilson bill is a good thing.

The resolution was read and was of course supported by the Democrats. Mr. Hart spoke of the unwillingness of the Republicans to discuss the tariff bill at the present session. He said the party has a long record of unsuccessful attempts to defend its policy pursued on economical questions.

TO POSTPONE ACTION.

Capt. Dovenor spoke with force, in favor of postponing the discussion on the tariff until the next meeting of the legislature.

Mr. Richards, in a lengthy talk, favored postponement. His was evidently a speech to eat up time.

Mr. Atkinson made a few remarks. He said all the Democrats in office are in favor of the Wilson bill. The only objectors in the party are the rank and file, who will never have an opportunity to vote against the bill. [Cries of "That's right!"]

Captain Dovenor followed, and was against taking up the resolution.

Mr. Muegge spoke on the subject and created merriment by saying that the reason the Republicans would not then discuss the question, was the brilliant array of talent shown up on the Democratic side.

Mr. Hart followed and wanted the question taken up.

Captain Dovenor moved to adjourn. On the vote Captain Dovenor voted "no." The result was, for adjournment 21, against adjournment 23 votes.

Captain Dovenor then moved that as the regular hour for adjournment had arrived the body adjourn.

Mr. Hall (Dem.) in place moved that the tariff discussion be the special order of business at the next meeting. Carried.

A motion was made that Governor MacCorkle and ex-United States Senator Henry G. Davis be invited to be present at the next meeting. The motion was withdrawn later on.

President James K. Hall, of the Ohio County Republican club, then spoke of the importance of joining the club, and the advantages gained thereby. A number of new members were enrolled.

An Uncle of Van Baker.

Mr. Thomas Baker, an uncle of Van B. Baker, died at Wellsburg Monday, of stomach trouble, aged about 75. The interment was Wednesday, near his former home at Franklin, Brooke county. He was well known and liked throughout the community.

FIRE AT PLEASANT VALLEY.

Hall's Big Ice Houses There Completely
Burned Last Night.

Between ten and eleven o'clock last night fire broke out in the two large and fine ice houses on the creek bank at the north end of Pleasant Valley, and just in the rear of Mr. Bloch's fine new residence. When the Elm Grove train passed shortly after eleven o'clock they were blazing up brightly, and evidently doomed to complete destruction, as there was no way to even check the flames. The atmosphere was very murky, and the blaze, big and bright as it was, could not be seen in town.

No ice had been in the houses for a year, and the wooden buildings and their contents, including a large quantity of sawdust, were as dry as tinder, and burned fiercely.

Mr. Zeke Hall was seen by an INTELLIGENCER reporter while the fire was in progress. Mr. Hall said he did not know whether the insurance on the houses was in force or not. They must have been set on fire, as there was no fire about them. It would cost several thousand dollars to replace them. Besides this, the houses contained hoisting machinery and an engine and boiler, the outfit costing \$1,500. Two fine ice wagons, worth at least \$700, were recently run in the house for the winter. It also contained a fine sleigh, and stored in it were about 600 bushels of onions. The loss will probably aggregate at least \$5,000.

The theory was advanced that tramps might have sought refuge in one of the houses and accidentally set fire to the sawdust by the sparks from a pipe. Unless the flames originated in some such way they must have been started by an incendiary.

A feeble woman is restored to health and strength by Dr. Pierce's Favorite Prescription. If you're overworked, "run-down," or debilitated, you need it. It's an invigorating, restorative tonic, and a soothing and strengthening nerve, imparting tone and vigor to the whole system. It's a legitimate medicine, too—carefully compounded by an experienced physician, and adapted to woman's delicate organization. For all the chronic weaknesses, functional derangements, and painful disorders peculiar to the sex, it is an unfailing remedy. It's because it is unfailing that it can be sold under a positive guarantee. If it fails to give satisfaction, in any case for which it's recommended, the money paid for it will be promptly returned.

You pay only for value received. It is a legitimate medicine—not a beverage. Contains no alcohol to inebriate; no syrup or sugar to sour or ferment in the stomach and cause distress. As peculiar in its marvelous, remedial results as in its composition.

STAR CLOTHING HOUSE—D. GUNDLING & CO.

IT'S FUNNY

How deceptive some words are. Take a blackberry, when it's green it's red. A well reared man may be white, and some of the whitest kind of men are colored men. The man that waits on you don't wait—you do the waiting. You hear of people turning green with envy, or blue on account of bad business, but they don't change color a bit. Take it in business—it's that same way. You buy all-wool goods and find cotton in them. You buy linen bosom shirts that have Lonsdale cambric bosoms. That's not

HOW WE DO IT,

however. When we sell goods for all wool, there's nothing but wool in them. When we sell Woolen Underwear, they are all wool, and so on through the entire line. We've found that good old honesty pays. People are more apt to come back again if they find things better than we told them. We're selling some strictly All-Wool Suits at \$18.00! Cost us more, but we want to move them. True, we're selling higher ones, too, but we're devoting a good deal of attention to SUITS FOR THE MASSES. There are more men hard up this year than last. You may not think it, But We Do!
